Project details

Quantum is a global firm providing specialised management consultancy and innovative technology-enabled services for the transportation industry. We work closely with each of our clients, providing them with insightful, customised solutions that add quantifiable value and bring about measurable results. Our commitment is to help our clients realise their vision.

Our unique domain knowledge, a combination of vast experience in strategy and analysis, a deep understanding of systems, processes and technological expertise - all give us a special niche in the market. Our ability to apply this knowledge to a recognised need category and the talent to generate innovative concepts, sets us apart from other service-providers.

We have delivered successfully for the following technologies:

Application Development Technologies

Mobile Apps Technologies

Infrastructure and Networking Technologies

Data Ware housing BI/BW Solutions
